

2019 – 2020

Indonesia: Early Childhood Education

kids c.a.r.e.

kids care about reaching everyone
with the *Word*

Dear Families,

The **kids c.a.r.e.** program really is just that, kids helping kids.

Your child is learning about Jesus - and through the **kids c.a.r.e.** program, your child is learning ways that he/she can help other children learn about Jesus.

This program of the Lutheran Women's Missionary Society (LWMS), gives children the chance to learn about a mission and be part of the important work of sharing the Word with other children of the world.

The **kids c.a.r.e.** offerings received between June 2019 and May 2020 will support the **Indonesia: Early Childhood Education** project.

This **kids c.a.r.e.** project will make funds available to provide training and materials to establish an early childhood program that will form a natural bridge to the Word for young families in Indonesia.

You can read more about the **kids c.a.r.e.** project on the website: www.lwms.org.

You Can Make a Difference at Home:

- Take time to listen and talk with your child about the lessons, projects, songs, and activities that he/she has been learning through **kids c.a.r.e.**
- Help your child realize that he/she has an important role in sharing the Word with other children and families who may not know Jesus or want to know him better.
- Pray that children and their families grow in faith as they learn about Jesus through the project **Indonesia: Early Childhood Education**.
- Keep a **kids c.a.r.e.** mission box or container visible for collecting coins. Encourage your child to share his/her offerings as a way of showing thanks for blessings God gives each day.

Thank you for supporting the **Indonesia: Early Childhood Education** project and for supporting your child's efforts to share the good news with other young children in homes and congregations halfway around the world.

Dear Lord Jesus, thank you for bringing your saving Word to the people of Indonesia. We ask that you bless our work to establish an early childhood education program to help the Indonesian church show your love to other families. Cut through the lies and deceptions of false prophets and teachings. By your grace allow many children and their parents to hear the amazing news about what you have done for them. Send your Spirit to plant faith and trust in you. Make this offering a blessing to many. In your name we pray. Amen
